

Chef Yanick Fortier

We are proud to present Yanick Fortier, our new Chef.

« I am a passionate person. My profession as a chef allows me to develop my creativity by making a mixte of flavors, colors, smell and textures. I enjoy working with top quality food. Chaudière Appalaches area offers a multitude of regional products.

My previous experiences in the Okanagan Valley and Western Canada made me discover and experiment the « fusion cuisine » as Californian, Italian, Asian and the French cuisine. I also had the opportunity to do a training in the Loire region in France.

Here at the Manoir Lac Etchemin, I discovered a dynamic team which I am pleased to be working with. Together we will make you have a memorable culinary experience.

My parents, especially my mother gave me the pleasure to share my knowledge. I love to teach all I know.

I am from St-Émile, a city near Québec. I choose to leave in the Etchemin region for the quality of lifestyle. It bring me the challenge to develop a cuisine that will keep the Manoir Lac Etchemin reputation. »
